# ABOUT THE AUTHOR

Jimmy D. Robinson, a native of West Palm Beach, FL, is widely recognized as one of today's most inventive poets, lyricists, and producers. Robinson transforms his 14 Jimmyland Corporation published books of modern poetry into music and songs with teams of gifted musicians, who help him achieve his artistic visions. Emanating from Robinson's meditation and metaphysical channeling, his musical work dreamily expresses the hardships he has endured and the triumphs he has experienced by overcoming them. Robinson's poetry conveys the human condition—loneliness, love, anxiety, fear, lust, desperation, and hope. By transmuting the poetry into song, Robinson's verbal prose reaches a deeper plane through the use of music and melodies. His musical compositions ultimately deliver the verisimilitude and celebration of life.

Robinson's artistic venture into dance and chill music with his poetry-turn-lyrics has been nothing short of phenomenal. To his credit, Robinson has amassed a multitude of Billboard and Music Week charting songs from iconic Grammy Award winning musicians like: A Flock of Seagulls, Melba Moore, and Carol Jiani. Robinson also makes vocal appearances on the poetic songs alongside his superstar recording artists and personally curates all of Mind Juice Records and J Music Group's recordings himself, utilizing the modern poetry from his.
